

# APPLIED LINGUISTICS (LIDI)

---

## **LIDI 2025 Queer Language, Culture, and Identity (4)**

Participants examine the emergence of a queer language, culture, and identity in modern times, and explore the factors that have impacted its development in the United States. Topics include the impact of race, class, and ethnicity on the rise of queer political movements and queer communities in the United States. Unscheduled. (DICO) (SSDI)

## **LIDI 2455 Creating Language (4)**

Examines the generation, creation, and evolution of the full range of the English language, its words, grammar, sounds, and meaning, exploring the motivators that help explain how and why our language is constantly changing, molting, evolving, and (re)creating itself. Unscheduled. (CTDI)

## **LIDI 2505 The History of the English Language (4)**

Examines the historical development of the English language from its earliest origins through the present day. Topics include: causes of language change, etymology, and the influences of other languages. Explores how this history suggests possible directions of English in the 21st century. Falls. (PPDI)

## **LIDI 2750 Language & Identity (4)**

Participants examine the interplay among language, identity and society. Specific topics of exploration include language variation, including US ethnic, regional and socio-cultural dialects; the nexus of language and race, and language and gender; language contact, including pidgins, creoles, the formation of new dialects and languages, multilingualism, killer languages, and language death; and language revitalization around the world. Falls. (DICO) (SSDI)

## **LIDI 2850 Forensic Linguistics: Using Language to Solve Crimes (4)**

Participants investigate real-world criminal and civil cases and learn how the tools of forensic linguistics have helped solve and adjudicate them. Specific topics of exploration include linguistic profiling, authorship analysis and attribution, forensic phonetics and language as evidence in civil cases. Participants gain hands-on practical experience of forensic linguistics through student-directed forensic linguistic research studies. Falls Even and Falls Odd. (SIDI)

## **LIDI 2955 Language Acquisition (4)**

Participants examine the nature of first and additional language acquisition and development. Topics include first language acquisition, additional language acquisition by children and adults, bi- and multilingualism. Emphasizes the investigation of first and additional language acquisition through student research studies. Unscheduled. (SIDI)
