

ACCOUNTING MINOR

The Accounting Minor is designed for students who wish to expand their knowledge of accounting and financial reporting. Companies (large, small, not-for-profit) have a need for individuals who understand the company's business model and how everyday transactions flow to the financial statements. Students seeking a minor in accounting may find added employment opportunities not afforded to others.

Please see complete information on all of the requirements (<https://coursecatalog.plymouth.edu/undergraduate-programs/minors/>) to earn a minor at Plymouth State University.
